

MAHAD RAZA KHAN

Web Developer

PROFILE

I am a results-driven web developer specializing in responsive website design and dynamic applications. With expertise in HTML, CSS, JavaScript, and Node.js, I create user-friendly solutions that meet modern standards. My skills also include WordPress, MySQL, Java, and Python, enabling me to handle diverse projects efficiently. I focus on functionality, performance, and creativity to deliver exceptional outcomes. Passionate about continuous learning and innovation, I aim to help businesses grow through cutting-edge web technologies.
